COLORED STATION SETS

1. GENERAL

1.01 This section gives general information pertaining to colored station sets and parts.

1.02 It is reissued to include colored sets of 354, 356, 357, 500, and 501-types, delete information on the 5JB dial (which is being included in the section covering dials), and make other changes of a minor nature. Due to the extent of the rearrangement, arrows indicating revisions have been omitted.

1.03 Colored sets are available in two types, painted and colored plastic. The painted type have housings, handsets, and apparatus blanks finished in matching colors. The plastic type have colored parts made of colored plastic material with clear plastic switch plungers.

1.04 When a painted part of a colored telephone set is defective the entire set shall be replaced. However, on colored plastic sets, which are not as subject to discoloration as painted sets, individual parts may be replaced.

Note: If it is necessary to replace the handset, transmitter, or receiver cap on pre-war colored plastic sets, the complete telephone set shall be replaced with the newer type of similar color and code. This later F1-type handset can be identified by an embossed dot after the "F1" on the handle.

1.05 Ordering information for the various types of colored station sets and parts is given in Tables 1 and 2 of this section.

2. SUBSCRIBER SETS AND HAND-TELEPHONE SETS

2.01 Colored subscriber and hand-telephone sets for maintenance replacement only are available on special order. Where the replacement of a desk-type hand telephone set is required, consideration should be given to replacing it with a telephone set of the same finish.

3. TELEPHONE SETS

3.01 302E, F and G, 304B and C, 305E, F and G, 306A, B and C plastic telephone sets are available in ivory, old rose, dark-blue, gray-green, and pekin red. Painted sets of the types mentioned above are obtainable in oxidized silver, statuary bronze, old brass, and dark gold. Other telephone sets in these finishes or other painted finishes are available only on special order.

3.02 354A and C, 356A and C, and 357A and C plastic type wall telephone sets are available (other than black) in ivory only. These sets consist of ivory housings, handsets and apparatus blanks, chrome handset hooks, etc. When equipped with a dial the 6D or 5JB is used.

3.03 The 500C and D, and the 501C and D plastic telephone sets are made in eight full colors and four two-tone colors as given below:

(a) In the full color group, ivory, green, brown, and beige sets have matching dials. The gray, red, yellow, and blue sets are equipped with standard black dials. Full colored manual sets have matching apparatus blanks.

(b) Sets in the two-tone group have standard black handsets, standard black dials or apparatus blanks with housings only in gray, red, yellow, and blue.

4. CORDS

4.01 Colored telephone sets in the 300 series have cords with cotton braids that harmonize with the color of the set. Long cords and plug ending cords can be obtained by ordering separately.

4.02 Telephone sets in the full color group of the 500 series are equipped with jacketed cords in ivory, gray, and brown. Two-tone sets in this series are furnished with the standard black jacketed cords.

5. DIALS

5.01 The 6D dial, which supersedes the 5JB, should be used for replacement purposes on plastic and painted sets except those in the 500 series.

5.02 The 7D-3 dial is used on all colored sets in the 500 series except ivory, green, brown, and beige in the full color group. These four sets take the 7C dial with the applicable dash number.

6. STATION NUMBER CARDS

6.01 A station number card of neutral gray color, E4203 (2 line) or E4204 (3 line) is used on all colored sets.

7. REFERENCE SECTIONS

7.01 For information on colored jacks, plugs, cords, dials, connecting blocks, etc., consult the respective sections covering that apparatus.

TABLE I

a. Older Type Plastic Telephone Sets (Similar to 302-type)

Apparatus Color	Dash No.	*Clear Plastic Finger Wheel	Number Card	App. Blank	Chrome Card Holder Frame	Transmitter Cap	Receiver Cap	Set Cords Color	Set Cords Code (—) No.
Ivory	—4	P-19B524	E4203 or E4204	94A-4	P-296741	P-349014	P-349015	Ivory	—4
Old Rose	—16	P-19B524		94A-16	P-296741	P-349659	P-349663	Old Rose	—16
Dark Blue	—18	P-19B524		94A-18	P-296741	P-349660	P-349664	Dark Blue	—18
Gray-Green	—19	P-19B524		94A-19	P-296741	P-349661	P-349665	Gray-Green	—19
Pekin Red	—20	P-19B524		94A-20	P-296741	P-349662	P-349666	Pekin Red	—20

b. Wall Telephone Sets (Similar to 354-type)

App. Color	Dash No.	Housing	*Clear Plastic Finger Wheel	Dial	Handset Hook	Handset	Transmitter Cap	Receiver Cap	App. Blank	Card Holder Frame	Number Card	Cord
Ivory	—4	P-340314	P-19B524	6D or 5JB	P-340319	F1A-4	P-349014	P-349015	94A-4	P-296741	E4203 or E4204	Ivory

c. Apparatus other than Plastic Telephone Sets (Painted)

Apparatus Color	Dash No.	*Clear Plastic Finger Wheel	Number Card	Card Holder Frame	Set Cords Color	Set Cords Code (—) No.
Old Brass	—6	P-19B524	E4203 or E4204	P-219942	Brown	—9
Statuary Bronze	—7	P-19B524		P-219943	Brown	—9
Oxidized Silver	—8	P-19B524		P-219941	Silver	—8
Dark Gold	—12	P-19B524		P-219947	Gold	—12

* The P-344837 finger wheel may be substituted when the P-19B524 is not available.

TABLE II

†500 Series Telephone Sets and Parts

a. Full Color Group

COLORED STATION SETS

1. GENERAL

1.01 This addendum supplements Section C30.011 Issue 6. It is issued to change colors of two-tone set housings shown in Paragraph 3.03 (b) and to give additional information on the new station number card for colored sets.

3. TELEPHONE SETS

3.03 (b) Change Paragraph 3.03 (b) to read:

Sets in the two-tone group come with housings in ivory, green, gray, and red and have standard black handsets and standard black dials or apparatus blanks.

6. STATION NUMBER CARDS

6.01 Change Paragraph 6.01 to read:

A new station number card of neutral gray color is available to replace the various colored masks used on colored sets. The new card is furnished with 2-line (E-4203) or 3-line (E-4204) spacing.
