

# Ready to go anywhere ...QUICKLY

It's reassuring these days to see those sturdy Bell System trucks along the highway.

They are mechanized motor units. Each has a highly skilled crew; each has its own tools, power and materials. They are ready and efficient and can be mobilized anywhere, any time. And there are more than 27,000 of them.

This is just one way the Bell System is prepared to keep lines open and ready for war-time service — no matter when or where the test may come.

BELL TELEPHONE SYSTEM *Service to the Nation in Peace and War*
