The facts of cellular spelled out.

A minimum one-year contract required. Subject to \$175 early cancellation fee. No charge for busy or unanswered calls. Peak hours 7am-9pm Monday to Friday except New Year's Day, Memorial Day, July 4th, Labor Day, Thanksgiving and Christmas Day. Off-peak hours all other times. Airtime charges on a cellular originated call begin when connection to the network is established (when you press "SEND") and ends several seconds after the call is terminated. Each partial minute of airtime is billed as a full minute. For example, a 1 minute, 22 second call will be billed at 2 minutes. As a result, actual number of minutes available for monthly airtime allowance may vary. Monthly airtime allowance applies to calls made and received in the home rate area. Calls to 911 and certain other emergency services are toll and airtime free. However, airtime is charged on calls to 800 and 888 numbers. All rates may vary while roaming. Monthly airtime allowance does not apply to roaming airtime.

Bell Atlantic Mobile calling areas, rates, agreement provisions, business practices, procedures and policies are subject to change as specified in the Service Agreement for all price plans.

Ⓜ Bell Atlantic Mobile

A large calling area is important when you're traveling.

With Bell Atlantic Mobile, calls follow you automatically throughout the largest coverage area on the East Coast. Whether you're just at the corner or traveling across the country, you can feel confident your cellular calls will go through. The map below shows your home rate area (in pink) and our expanded MobileReach® Network (in green), where all roaming airtime is just 59¢ per minute.

Actual cellular coverage varies from pricing area shown and, as with all radio transmission, coverage may be affected by topography and other environmental factors. In those areas along the border of coverage, clarity and reception may be diminished.

*No roaming airtime charges apply within the entire home rate area. Toll, landline and long distance charges may apply when roaming outside your home rate area.
**Roaming agreements with other companies permit you to use your phone in these markets subject to terms and conditions of other cellular companies. Automatic roaming availability may be restricted in certain areas to prevent fraud. Roaming rates may vary where automatic roaming is restricted.
