

# Maxplus™ Single-Line Telephones

*The new Maxplus from Comdial is designed for both business and residential applications. The Maxplus features a sleek contemporary housing and can be used as a desk or wall telephone just by rotating the base. Available in several color combinations, with TAP™ Message Waiting, and Call Announce Speaker options. The Maxplus is backed by Comdial's two-year warranty.*

# Maxplus™ Single-Line Telephones

## FEATURES

- ☐ SureTouch® Dial—stability of tone output frequency and level is ensured by reliable solid-state components that are crystal controlled. A speakerphone-compatible dial is available for use with an adjunct speakerphone.
- ☐ Optional TAP and/or Message Waiting lamp allows PBX compatibility and/or waiting message notification.
- ☐ TAP versions feature electronically controlled hook-switch, insuring positive disconnect when going on-hook.
- ☐ Built-in polarity guard protects against system generated or accidental line polarity reversals.
- ☐ Optional Call Announce Speaker on TAP and Message Waiting version.
- ☐ 9-foot Handset Cord—standard on full modular with cord models.
