## TELEPHONE SET — 322 TYPE

## **ELEVATOR**

## 4.00 CONNECTIONS

**4.01** For wiring and connections of the 322-type telephone set, refer to Fig. 5.

4.02 The station wiring connects directly to the terminals in the set.

## Note:

If filter is provided connect brown-yellow lead from switchook to filter bracket terminal instead of to "Y" of dial. Connect yellow and black filter leads to the "Y" and "BK" of the dial respectively.
