

# CONFERENCE TELEPHONE SERVICE

**brings busy men together  
any time—anywhere—inexpensively**

This modern service makes it possible for men miles apart to talk things over as if they were face to face. Every one can hear and be heard. Direct, personal discussion prevents delays and misunderstandings. Questions are cleared up and decisions made quickly.

The scattered executive committee of a wool marketing association meets by telephone at 10% of the cost of a customary conference. . . . The sales manager of a can company used a three-way hook-up with two customers—got

permission to divert a shipment of cans from one to the other—and saved a bumper crop of tomatoes. . . . A brick company quotes prices and discusses terms with all of its dealers in the same territory at the same time by conference connection.

There are many other uses for Conference Service. The savings in time and money are obvious. As many as six telephones—more, by special arrangement—can be included in one call. Just ask Long Distance for the Conference operator.
