

GROUND WIRE NAIL AND GROUND WIRE STAPLE

1. GENERAL

- 1.01 Ground wire nails (Fig. 1) and ground wire staples (Fig. 2) are used to fasten ground wire.
- 1.02 The nails and staples have a galvanized finish.
- 1.03 The 1-3/8-inch nail is primarily for use where the wire runs are on asbestos shingles, wall board, etc.
