

DATA SET 110C

TEST PROCEDURES

1. GENERAL

1.01 There are no test procedures available that can be made at the Data Set 110C.

1.02 The only testing of the data set will be done remotely from the Control Serving Test Center (CSTC) as part of the overall maintenance philosophy. The maintenance philosophy of the system is covered in the section entitled Data Set 110C, Maintenance (312-804-300).
