

TELEPHONE BOOTHS

BULLETIN No. 9795

I-C-11-40

Standard Telephone Booths

The Telephone Booths shown here are our standard types furnished in oak and birch, which we carry in stock and are prepared to ship promptly. We are also prepared to make them to order in any other wood desired or to build compartment booths or booths of special shapes, sizes and finishes.

Our booths are as sound-proof as can be made. They are constructed from carefully selected, thoroughly seasoned, kiln-dried timber and are perfect in design, material and workmanship.

Shelf for desk set is sent with each booth and seat can also be furnished.

All booths are shipped "knock down" and can be readily set up.

Doors are made to swing to right or left as may be most convenient to purchaser, but unless otherwise specified, right hand doors will be supplied.

The sides of glass or panels are made interchangeable so that when only one glass is ordered it may be placed on the side desired.

Sashes on inside of every booth are hinged so as to open for cleaning the inside glass.

All booths are double walled with an air space between, with the exception of the Receding Door Booths which are single walled.

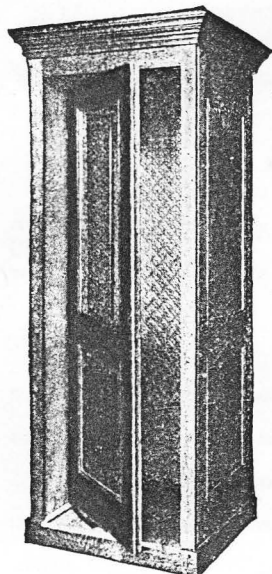

Best quality double strength American glass will be furnished unless otherwise specified. Sand blast or plate glass furnished to order.

If desired, Dome Tops can be furnished with any of our standard booths.

We will gladly quote prices on anything in the booth line at any time.

Special Receding Door Booth Metal Lined

No. 105695

Receding Door Booth Metal Lined.

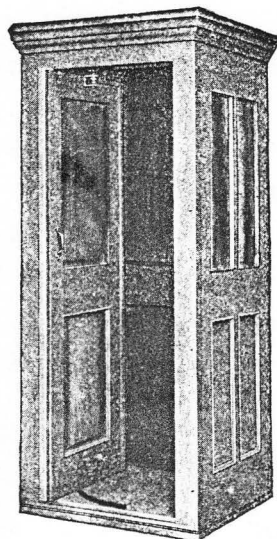

This booth is very compact and admits of its use in space where booths of the same size with swinging doors could not be installed. It is metal lined and embodies all the latest and most reliable features in booth construction.

Used exclusively by many of the principal telephone companies for pay station service.

Furnished with glass in door only.

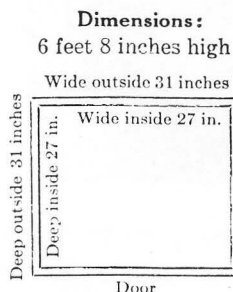

List No.	Mfr. No.	List Price
105695	151	Receding door booth, oak, any finish. . \$150.00
105696	151	Receding door booth, in birch (mahogany finish)..... 165.00

Special Receding Door Booth All Wood

No. 105697

Receding Door Booth
 All Wood

This booth is of the same general construction as the No. 105695, but without the metal lining.

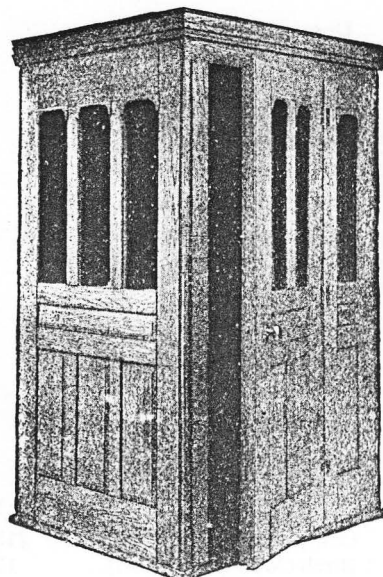

An ideal booth for private offices, stores and public pay stations. Furnished with glass in door and one side.

TELEPHONE BOOTHS

No. 17 Booth

No. 105709

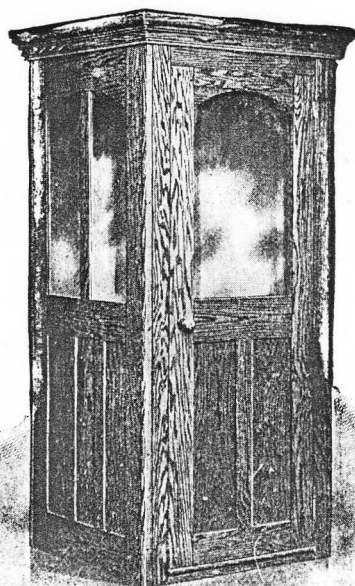

This booth is extensively used by bankers and brokers in their private offices. Can be used for wall and desk sets and is furnished with glass in door and one side.

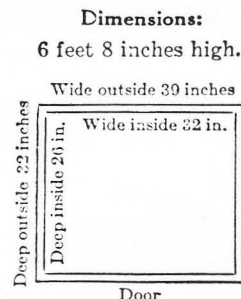

It is built with double walls and is ventilated.

List No.	Mfr. No.	List Price
105709	17 Oak (Any finish)	\$ 97.50
105710	17 Birch (Mahogany finish)	107.50

Nos. 20 and 20-A Booths

No. 105700

This we consider our most desirable booth for wall telephone use. It is built so that the inner and outer booths are independent of each other, being held apart by insulators covered with felt.

The door of each booth is hung upon its own set of hinges and with a special appliance but one set of knobs is necessary.

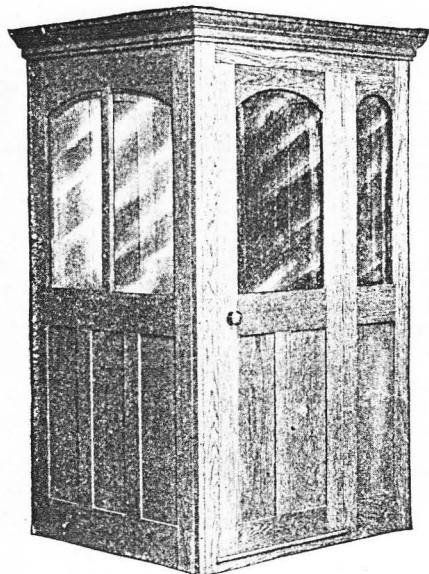

The finish is the dull rubbed surface usual to fine desks and office furniture.

		Dimensions.		List Price		
List No.	Mfr. No.	Outside	Inside	Glass in Door and	Oak. All Fin.	Birch, Mah. Fin.
105705	20	32"x39"	26"x32"	One side	\$100.00	\$110.00
105706	20	32"x39"	32"x26"	Two sides	108.00	119.00
