

Voice Express™ Telephone

The Comdial Voice Express has handsfree speakerphone, busy number redial (with busy tone detect), 41-number repertory tone-pulse dialer, security dialer, security feature that locks the Voice Express, digital clock with alarm and timer, and more. The Voice Express allows programmed hookswitch flash; one touch of a button transfers calls or adds another party to conference calls. An optional 5-line keystrip makes the Voice Express compatible with any 1A2 key system. The Voice Express is backed by Comdial's one-year warranty.
