Bridge—O. O. D. (Underway)	222
Deck Office—O. O. D. Forward	201
Deck Office—O. O. D. Aft	202-203
Damage Control	880-889
Fire (Underway)	222
Fire (Anchor)	201-202
Sick Bay	999

U. S. S. IOWA

PROCEDURE IN USING A DIAL TELEPHONE

1. Be sure of correct number.
2. Lift receiver with one clean movement. Do not jiggle the cradle switch.
3. Listen for dial tone (STEADY BUZZ) before dialing.
4. When dialing, turn dial until finger reaches stop, then release. Do not force the dial to return position.
5. If station called is busy an intermittent buzz will be heard. Hang phone up for a few seconds then dial again.
6. When a call is received, called party may hang up his phone; leave; then return to continue the conversation; providing calling party does not hang up his phone.
7. Upon completion of a conversation, replace the handset properly in the cradle provided on the phone.

EXECUTIVE RIGHT OF WAY TELEPHONE

1. Several telephones installed aboard ship are equipped with an executive feature. These telephones will establish a connection with any phone, whether called station is busy or not.
2. Executive telephones may be identified by their RED dial and should not be used for routine calls.

NOTICE

Report any dial telephone troubles to the repairman in the telephone exchange room. Telephone number 711.
