The charge for "Time of Day" is the same as the charge for Time
at your regular rate for any other local call.

TO OBTAIN TELEPHONE NUMBER INFORMATION

For local numbers not in this directory, dial operator and ask for INFORMATION.
For telephone numbers at all other points dial Oper-

ator and ask for Information for the place you want to call, for example: "I want Information for Sacramento."

PERSONAL TELEPHONE LIST

LONG DISTANCE CALLS GO THROUGH FASTER WHEN YOU CALL BY NUMBER. JOT IT DOWN FOR FUTURE USE.

NAME	TELEPHONE NUMBER

When exchanging for a New Directory, PLEASE TEAR OUT THIS LIST, verify the numbers and transcribe to Personal Number Booklet.

HOW TO DIAL

REMEMBER

1. Be sure the number is correct and that it may be dialed direct from your telephone.
2. Lift the receiver and listen for the "hum" of the dial tone.
3. Dial the first two capitalized letters and the numeral in the prefix, then the remaining figures in the number.

For instance: If the telephone number is
WAverly 7-8099, dial W, A, 7, 8, 0, 9, 9.

4. Let the dial return freely after each letter or figure is dialed. Forcing or retarding the return motion may result in a wrong number.

- From an extension or party line telephone, if you hear someone else dialing when you lift the receiver, tell him you have interfered with his call. Then hang up and make your call later.
- If while dialing you hear another person come on the line, tell him the line is in use. When he hangs up, replace the receiver for a moment. Then after hearing the dial tone again, redial the complete number. Otherwise, a wrong number may result.

HOW TO CALL ANOTHER TELEPHONE ON YOUR PARTY LINE

To ascertain the telephone number of a party on your line call "REPAIR SERVICE".

To call a party on your line, dial a special number which you may obtain from Repair Service. When dialing is completed replace the receiver. Your telephone and the called telephone will ring at regular intervals until the called party answers. When ringing stops, remove the receiver and begin conversation. If ringing is not stopped after a reasonable period, stop the ringing by momentarily lifting the receiver.

OTHER SUGGESTIONS ON DIALING

- Be careful not to mistake the letter "O" for the figure "0" (zero); or the letter "I" for the figure "1" (one).
- If you realize a mistake in dialing has been made, hang up for a moment. After listening for the dial tone again, redial the complete number.

COIN TELEPHONES

Instructions on placing calls from a coin telephone are posted on the telephone instrument. Cambria coin telephones do not require the deposit of a coin before dialing. For instructions on when to deposit coin please refer to the card on the particular telephone.

On calls to Operator, Information, Repair Service, the Business Office, or if the called party does not answer there will be no charge. On calls to toll points the operator will inform you of the exact amount of money to be deposited for the initial period of conversation. Please report any service difficulties or coin collection errors to the operator.

TONES AND SIGNALS

DIAL TONE—A continuous steady "hum," the signal to start dialing.

RINGING SIGNAL—A "burring" tone repeated at regular intervals.

BUSY SIGNAL—A steady "buzz-buzz" tone.

IF NO SIGNAL IS HEARD WITHIN A REASONABLE TIME AFTER DIALING—Hang up. Look up the number to be sure it is correct. Then, after waiting for the dial tone, dial the complete number again. If again no signal is heard, dial Operator and report the condition to her.

VOICE RECORDING SIGNAL—A short high "beep" tone heard on the telephone line about every 15

seconds means that the person with whom you are talking is recording your conversation by means of his electrical recording machine connected to the telephone line.

This signal is provided by the Telephone Company for your protection. If you do not want a record made of what you are saying, ask the person with whom you are talking to disconnect the recording machine. When he disconnects his recorder the signal is no longer heard.

The "beep" is produced automatically by the device used to connect the recorder to the telephone line. It stops when the recorder is disconnected. Use of a recorder without this signal is unlawful.

Every reasonable effort is made to make the directory as accurate as possible. The Company, however, assumes no liability for damages arising from errors or omissions in the making up or printing of directories.

extension telephones are so handy yet cost so little

*For only a few pennies a day you can enjoy the
convenience of an extra telephone in your home.*

*Extensions go almost anywhere in the home—in the bedroom or
basement . . . in the den, kitchen, or garage . . . wherever you
spend a lot of time. And the cost is small . . .*

*only pennies a day. We can offer this service again
because extensions require only additional telephone sets,
not outside cables and central office facilities.*

*To order your extension, just call your
Pacific Telephone Business Office.*

Pacific Telephone

**It's easy
to make friends
on the telephone,
too**

1. When you answer promptly, you show friendly courtesy to the person calling. Of course, it's sometimes impossible to reach the telephone within the first ring or two, so when you're making a call, give the other person time to answer—at least six rings.

2. When you talk directly into the transmitter and speak naturally and distinctly, your voice will come through clearly. Lips about half an inch from the transmitter give best results. Your listeners will appreciate these little telephone courtesies and you won't have to repeat words as often.

3. When you look up numbers in the telephone directory, you help insure getting the right number when you call. Many telephone users keep a handy list of frequently-called numbers, for they know that a "wrong number" wastes their time and that of the other party.

Thank you!

The Pacific Telephone and Telegraph Company

*How to make
good telephone service
even better.....*

You won't miss important calls

when you answer promptly. When you have only two cards left to play in an exciting grand slam hand—or in any situation where you'd like to say "Wait a minute!"—it's always a temptation not to answer the telephone immediately. The person calling, though, doesn't know what you're doing and may hang up, thinking you are not at home. That way you may miss important calls.

So, next time your telephone rings, won't you try to answer as quickly as you can?
